Talking About Bossism

Why are Political Bosses Permitted to Violate the Law Against Boycotting and Blacklisting when it is Enforced with all of its Penitentiary Penalties against Labor Men?

Business, Professional, Workingmen and Others Soaked for Personal Property Tax—Political Bosses Escape.

Investigation of the personal property tax lists show the unfairness with which personal property taxes

Business men, professional men and orkingmen are taxed to the limit. Political bosses escape very lightly. If the personal property tax books for the past five years were examined

curious facts would be shown up.

PLACES FOR RELATIVES

What It Costs Cook County to Pay for Jobs for Leading Political Families.

Oscar E. Hewitt writes as follows in the Chicago Herald of September

A large part of the flerce fighting today relates to jobs. tl is the plums that attract the interest of the large and small politicians to most of the county offices. The practical politician knows what

he is working for. But for the layman, it may be news to know that the county offices involved in the pri-maries today control 1,221 regular jobs and spend annually on extra jobs about \$197,000.

The county offices, for which candidates will be selected today, have an annual pay roll of \$2,261,300. This sum is distributed among the various offices in the tabulation below, which also shows the number of regular monthly jobs in each as follows:

jobs, salaries. Sanitary district 648 \$1,056,500 Board of assessors ... 112,000 Board of review 36 Recorder 223 395,250 Clerk of Circuit Court 62 Clerk of Superior Ct. 71,660 81,029 Coroner State's attorney 91 245,600

In this total of \$2,261,000 are in cluded three items for extra help and piece work. In the record's office is \$92,000 for the folio writers, who get 41/2 cents a folio. The number of women employed is usually around

president, Thos. J. Johnson, 1656 . For extra work in the board of as-sessors \$65,000 was appropriated at W. Congress St.; secretary, John the beginning of this year and another appropriation has been made 18th St.; tel. Canal 6169; meets since. In addition liabilities of about \$15,000 remain unpaid. The board of review received \$40,000 to employ extra help in the rush season.

While the total for salaries is ap proximately correct as an average, it is considerably less than will be paid out by these offices this particular

In the above the county surveyor and the municipal judges have not been included. The surveyor is a fee office. The eleven judges will receive

\$9,000 a year each, but they are usually considered of little practical value in the building up of a political organization, except indirectly.

Getting back to the list above, it must be explained that all of these jobs cannot be changed regardless of the way the election goes in November. There is a board in charge of the sanitary district, the assessing and reviewing of taxes. The sanitary board has nine members, and only three are to be elected. If the Republicans should win all three places they would have a majority of one on the board. The board of assessors has five members, and only two are to be elected. The board of review has three members, and only one is to be elected. A president of the drainage board

is one of the three memberships to be filled. His salary will be \$7,500 a year. The other trustees get \$5,000 each year. Members of the board of assessors get the same salary, while members of the board of review get \$7.000 a year each. The state's attorney's salary is \$9,600 and the clerk of the Superior Court and clerk of the Circuit Court, coroner and recorder get \$9,000 each a year.

Some of the candidates will assert that all they want is glory and honor. This pay roll helps them to get it. In Chicago there are 2,168 election precincts. To have an effective political organization there must be at least one agent of the organization in each precinct. A man on the pay roll will work hard to get votes to remain there.

It is at the primaries that politicians believe that the precinct worker is a valuable asset. Now none of these 1,200 to 1,400 jobs, regular or extra, is under civil service. They are available for practical political pur-

COURTS

Poor Man or Litigant Without Gang Influence Has No Chance for Justice in Chicago.

"An honest litigant comes into court by the front door." This legend is printed on a large placard which occupies a conspicuous

place in the chambers of Judge John Stelk of the garnishment and replevin branch of the Municipal Court. "I had that sign made and placed

it there because I got weary of receiving many persons who call on me

offering various reasons for taking some action in cases which were to appear before me," said Judge Stelk.

"For a time it seemed as though every case that came up was brought to my attention in that form. I tried to be diplomatic, but it didn't work, so I have put the sign there where all who come may see it:
"I am trying to devise some way of

conveying the same message to persons who insist on calling me over the telephone under the same circumstances. It would save me the trouble of telling people who ought to know better than to call me that a judge with conscience and self-respect tries all his cases in open court."

The terms of seven Superior Court Judges expire in 1917. Three of them are Republicans; four are Democrats.

TALKING ABOUT **BOSSISM**

The Board of Assessors and Board of Review are controlled by political bosses.

Do you know how little personal property taxes some Big Bosses pay?

The last cent, however, is collected from business men who have no political "pull."

JOHN R. CAVERLY, Democratic Candidate for Re-election as Judge of the Municipal Court.
